Re: G. Keith Still

Dear Sir/Madam:

I write in support of Keith Still's membership in The Expert Witness Institute. I have practiced law in New York State for 28 years and have been associated with Professor Still since 2009. Professor Still is highly experienced in the area of crowd science and is thorough in his case work up and trial preparation. He has the ability to clearly explain the principles in his area of expertise to both trial attorneys and juries and has a significant "likeability" factor, among others. Overall, I rate Keith Still as eminently qualified to offer expert testimony in his field.

Very truly yours,

THE PALMIERE LAW FIRM

Norman Andrew Palmiere
